

Voice Lessons Contract

1. Lessons are \$15 per 30 minute lesson, due at the beginning of the month. Lessons are once a week. Your scheduled weekly time is listed below:

_____.

2. You must call in advance if you are going to miss a lesson. As a general rule, I do not make up lessons.

3. You must have access to a tape recorder and a CD player for practicing.

4. You are responsible for providing your own blank audio tapes. Each lesson is recorded on one side of a tape. Recording over previous lessons is discouraged. You will also need a blank tape for recording your music.

5. Recital fee is \$5. Recitals are not optional. They are an important part of your vocal training. (For my younger students, a trophy or medal will be awarded every 3rd recital.)

6. There will be a mandatory performance class prior to the recital. This class is very important and will include all of my voice students.

7. I have a large collection of karaoke music, midi files, and sheet music which we will use for your lessons. However, if you have a particular song or music you would like to use (as long as it is in your approximate range and works with what we are doing in your voice), we can use it instead.

8. You are responsible for your own accompanist if you need one for a given song. You will need your accompanist to record the music on tape for you so that you can practice it at home and sing it at your lesson.
